# QuickCam® Pro 9000 for Business

**The Logitech® QuickCam® Pro 9000 for Business is a premium webcam with sophisticated optics for professional communication and collaboration.**

A premium webcam with sophisticated optics for professional communication and collaboration, the Logitech® QuickCam® Pro 9000 for Business uses Carl Zeiss® optics with autofocus for incredibly sharp, clear images. It features a true 2-megapixel sensor for images that never looked more real; and UVC-compliant plug-and-play functionality that allows users of Windows Vista®, Windows® XP SP2 and Linux (with Linux UVC driver installed) to make video calls without installing software. VGA-quality video (640 x 480 pixels) at up to 30 frames per second means you'll enjoy images with an impressive level of detail and fluidity. QuickCam® for Enterprise software offers IT-friendly installation and, when installed, provides additional features such as autofocus, video capture, 8-megapixel (software enhanced) photos, audio/video mute, RightLight™ 2 technology, RightSound™ technology and motion detection.

- Carl Zeiss® optics with autofocus
- True 2-megapixel sensor
- Plug-and-play, UVC-compliant video calling
- VGA-quality video (640 x 480 pixels) at up to 30 frames per second
- QuickCam® for Enterprise software
