

SuperFi 5vi

Fit, form and frequency.

Fit, form and frequency – SuperFi 5vi earphones with voice capabilities. The unique top-fire speaker design gives you the flexibility to fit any situation you're in the moment you plug in. Wear them down to listen casually or over the ear while you're exercising. Either way, you're hearing just the sound of your highs and your lows and everything in between. Nothing but full, crisp and clean, well-rounded sound. That also means virtually all the outside noise is gone. Your neighbour on the bus won't hear you and you won't hear him. You're welcome.

Top-fire armature design

Flexible and secure listening

In-line microphone and control button

Noise isolating (-26 dB)
