

NVIDIA® 3D VISION™ 2 EXPERIENCE 3D THAT'S UP TO 2X BRIGHTER

Upgrade your PC to a fully immersive stereoscopic 3D experience with NVIDIA® 3D Vision™.

NVIDIA 3D Vision 2 active shutter glasses deliver an immersive, brighter 3D, and better gaming experience. With 20% larger lenses, 3D Vision 2 glasses give you more viewing area with less light leakage. The innovative NVIDIA® 3D LightBoost™ technology makes your screen and environment lighting – including your keyboard – up to 2x brighter¹ for better 3D gaming and video viewing. Plus, 3D Vision 2 glasses are built from state of the art, softer materials designed to deliver more comfort and better fit with gaming headphones.

NVIDIA 3D Vision supports the richest array of 3D content available, including more than 600 3D games, Blu-ray 3D movies, 3D photos and streaming YouTube 3D videos. Upload, view, and share 3D photos and videos on NVIDIA's **3D Vision Live.com**, the world's first 3D Vision online community.
